Dear friends,

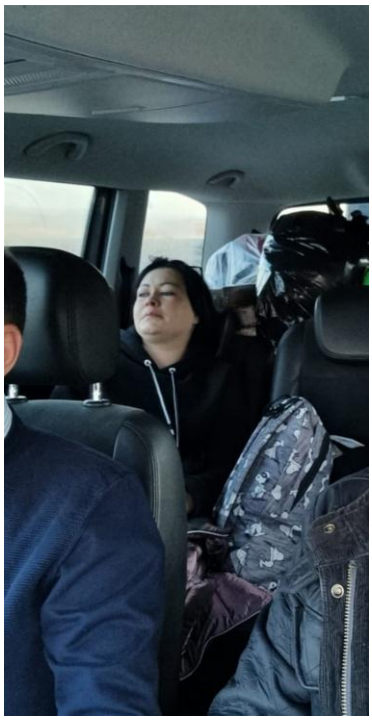
I am writing to you with a prayer request for the teacher of Ukrainian children from the Prod orphanage (a village near Sighisoara). This teacher was engaged, came a few weeks ago with orphaned children safely here in Romania, and received the saddest news that could have come, that her fiancé, who was on the front, was shot. Diana is in a state of shock, she is crying, she can't recover, her fiancé was 32 years old, they had a wedding this summer. It's a big pain.

At 4 o'clock in the morning she left for Kyiv for the funeral. After the fiancé's funeral, she will return to Prod, to the children, where she finds solace with them.

Diana's pain can't be described in words ... we prayed for her last night, before she left ... and in a burst of tears she thanked us, that we are with her.

Diana also has diabetes, she doesn't feel very well.

Let us pray together for Diana, may the Lord be with her, comfort her, and may He strengthen her! We also pray for the family of her fiancé, may the Lord be their comfort!



Let us pray that God will have mercy on Ukraine and all those who are suffering…

we never thought that we will go through such situations and we have not prepared what we will do, what we will say in the face of these troubles…

May God be the one who guides, protects and helps us to serve Him in all things as His Will is!

In His Service,

Pastor Florin.
